

## **Class B Boys Golf Advisory**

May 29, 2012

### **Recommendations:**

1. Allow TWO coaches to coach from tee to green.

### **Discussion:**

1. Future state tournament sites were discussed. The NDHSAA office will attempt to find state tournament sites for the next 7-8 years and present it to the tournament committee in December, similar to what is done in every other sport.
2. A \$50 per player fee (practice round, range balls, etc.) in future tournaments in order to make the tournament more enticing for potential hosts was discussed. Coaches did not have a problem with it.
3. Allowing distance measuring devices was discussed. The consensus was to see if Class A is allowed to use devices in 2013 and then re-evaluate next year.
