April 4, 2014

Brian,

On April 3rd, the Class "A" West Region vocal was held in Bismarck. On the morning of April 3, the city of Dickinson and Stark County were under a weather related "No Travel Advised". With the "No Travel Advised" issued, Dickinson Public Schools made the decision not to send our bus to Bismarck. The safety and security of our students were the top priority and sending them on the road risked that safety.

The Class "A" West Region vocal was still held on April 3 without Dickinson in attendance. As you are aware, this competition allows our students to earn the right for a spot to compete at the state level. Our students have worked extremely hard all year to have the opportunity to compete and earn state honors.

Dickinson High School is requesting that the NDHSAA Board of Directors arrange a conference call to visit about Dickinson High Schools inability to attend West Region vocal and to allow our students to compete at the state meet in Jamestown.

Thank you for your consideration,

Guy Fridley
Activities Director
Dickinson High School
