

2015/16 Swim/Dive Advisory

Discussion

- 1- Can there be a single source listing of all information and due dates for the state meet – Kevin will be in contact with Kari and Dave and once their meet information is sent out the NDHSAA will post it on our webpage
- 2- West Fargo as a possible to host the state meet once facility is built. There has been discussion at tournament committee of West Fargo's interest in hosting.
- 3- Two week time period between regionals and state. This was brought up at coaches meeting with not a lot of support
- 4- Why are relay names required if the entire roster is eligible to be entered as competitors? Tournament management utilizes rosters of 4-8 in order to get names into the system before the start of the event. Changes can still be made until race time.
- 5- What is done with diving sheets submitted on Sunday? Sheets are sent to tournament management as well as dive referee to review for errors and placed into the computer system
- 6- Nametag information needed before diving entries. This is a tournament management issue.
- 7- Ticket sales for fans and the burden to place those sales in the hands of coaches and schools. Kevin will look into the possibility of utilizing the NDHSAA website for reserved ticket group order forms.
- 8- Why no heat sheets for sale on Saturday? Kevin will contact Dave Zittleman about the possibility of heat sheets being printed and sold on Saturday.

No items for regulation change at this time.
