

2016 State Girls Tennis Coaches Meeting

Recommendations:

1. None

Discussion:

1. Format of State Team Day: With the 10am start time, we played the entire team tournament on Thursday. Mark Rerick will send out a survey monkey to all coaches to see if that format worked for us or if we wish to see something different. The feeling was that playing the full team day on Thursday was a good change.
2. Communication: Advisory will communicate with coaches on all actions taken by the board and any changes that happen with the regional or state tournaments.
3. NDHSAA Regional Roster Submission: Coaches would like to send in our roster for regionals, but not which players are entering into the individual tournament. Brenda Schell and Mark agreed that the individual tournament players are not needed on the submission to the NDHSAA. Brenda will take off this portion off the form.
4. Athletic Trainer: Coaches would like to see an athletic trainer at the state tournament. Mark Rerick discussed how and what that would look like. Coaches would like to have a trainer available on site for an hour or so before the start of each day of the tournament and then on-call for the rest of the day.
