

NDHSAA Girls Soccer Coaches Advisory
6-2-18

Discussion

- 1 – All tournament team
 - To be selected by coaches not in the tournament that are in attendance
- 2 – Welcome Turtle Mountain to the soccer. They will continue as JV next season. Also notified Williston will begin soccer in the 2018-19 season at the JV level.
- 3 – Moving game times of the state tournament
 - Two sessions – early and late to avoid heat – no action taken
- 4 – No support from either region tournaments

Regulation change

- 1 – All 22 person roster that is flexible throughout the tournament
- 2 – Extend the boys and girls season by one week by adding a week to the beginning of the season

Rationale: Safety of student athlete – Teams are playing 9 games in 16 days which is not conducive to athlete safety. Baseball and softball start a week earlier and end at the same time. Regulations allow for a 12 week season right now schedule only allows for a 10 week season.
