86th ANNUAL

OFFICIAL YEARBOOK

FOREWORD

This yearbook provides a detailed accounting of the past years' activities for NDHSAA. I would like to thank the Board of Directors, NDHSAA office staff and all representatives of the member schools for your dedication and commitment to the Association.

Farmers Union Insurance has completed its second year as the Premiere Partner of NDHSAA. Farmers Union Insurance has demonstrated a commitment to the enhancement of activities for North Dakota students. Member schools are very appreciative of the demonstrated support.

This is the second year North Dakota Army National Guard has been a supporting sponsor for NDHSAA sponsored activities. Their support for high school activities is also appreciated.

US Bank continues to provide \$5,000 in scholarship funds for the NDHSAA Distinguished Student Program. US Bank has a huge commitment to this very worthwhile program.

Once again, NDHSAA served a large number of students in grades nine through twelve. 2009-10 is the most recent completed survey and it indicates there were 25,321 student participants in sports activities and 14,283 student participants in fine arts activities.

Because of the hard work and support of our member schools, NDHSAA continues to be a very successful organization that serves North Dakota students involved in activities. It is important that each member feels as though they are an important part of the Association. The Association anticipates another good year in 2010-11. Your support is greatly appreciated.

Moe continued the Football Committee report. The committee discussed the AAA teams and adding Davies in the second year of the two-year plan. The committee recommended staying with the current timeline. Guidelines and timelines will be presented to the membership at the January General Assembly meeting.

Moe presented a report of the Officials' Recruiting & Retention meeting which was held July 7, 2009. Organizations present were NDHSAA Board, NDIAAAA, NDHSCA, NDOA and NDHSAA staff . All organizations represented agreed the apprehension of a potential official shortage in the near future is genuine. Cited reasons are:

- A large percentage of current pools of officials are nearing retirement
- Although respectable numbers of new officials are registering every year, more than 60% do not return for a second season
- The shortage will appear first in the more rural areas but major cities also believe they will be affected as well

Reasons cited by the committee:

- Time of games causing officials to leave work early
- Cost of getting started in officiating
- Giving up Friday and Saturday nights
- Unruly behavior by fans and coaches

What the committee recommends:

- Media Blitz "The Good Things About Officiating"
- Officials bringing a potential new official to rules clinics
- Brochure endorsed by all organizations involved
- Reach out to high school students
 - Dual Credit for PE Officiating classes
 - Presentations at camps
- Reach out to coaches at the coaches' convention and rules clinics
- NDIAAAA will devote a session at the fall conference in September
 - Policing coaches and fans

- Giving younger officials an opportunity
- NDOA will look at developing a mentoring program for young officials

The committee requested to hold another meeting after the fall season to assess the progress. Moe was assigned to set up the meeting following the fall season. Ranum asked if there was an issue of some officials associations making it difficult for new officials to get game assignments and asked if there is something that can be done. Carlsrud indicated schools are not always receptive to new officials as they wish to continue to hire the veteran officials. Moe added their school is planning to hire a five-person crew for two of their football games as well as a few of their basketball games where they are hiring a three-person crew. Each game, they are asking the officials to bring a newer official to work with the veteran officials.

Moe reported on a request submitted by Swiontek concerning the setting of the number allowed to be dressed on the sidelines for football playoff games. The request is:

- a. 9-man – 40
- b. Division A – 50
- c. Division AA – 60
- d. Division AAA – 70

The Football Committee advised an adjustment to the recommendation to be:

- a. 9-man – 40
- b. Division A – 50
- c. Division AA – 55
- d. Division AAA – 60

There is a safety concern over the number on the sideline. Motion by Looyesen to approve the Football Committee recommendation. Second by Ulland. A roll call vote was taken with the following results: Maus - yes, Looyesen – yes, Jacobson – yes, Moe – no, Sanstead – yes, Eastgate – yes, Ulland – yes, Helvik – yes, Ranum – yes, Schatz – no. Motion passed 8-2.

Maus asked if the Awards Committee should address the increase in number of players dressed for post-season football and how it relates to awards. Schatz assigned the staff to make key fobs available for the extra coaches and the school will be billed for those awards. The Tournament Committee will also address how to conduct these awards ceremonies and how rosters are listed in the programs.

The Executive Secretary gave a report on their July 17th meeting with the Medical Advisory Committee. From that meeting was a formation of a transfer of care form. Following further review by the committee, approval will be requested at the September meeting. The Executive Secretary was directed to have the form reviewed by NDHSAA Attorney Thune.

An update was requested concerning the situation of an injury which occurred at the B Girls' State Basketball Tournament. No change has happened since the report was given at the previous Board meeting.

Staff member Solberg presented the recent issues arising from the use of new technology suits for swimming. The swimming and diving coaches expressed concern at the NDHSCA convention in Mandan and asked to have these two items as recommended by the S&D Advisory Committee be placed on agenda for NDHSAA Board approval Thursday:

1. Legal competitive suits shall be:
 - a. Boys - no more than navel to knees
 - b. Girls - shoulder to knees (no arm coverage)
 - c. Both genders - only one suit may be worn (may be a drag suit)

At this time, the coaches have not addressed the material of the suit as other swim codes have done by restricting to "textile" material. We will wait for direction from the National Federation. Motion by Looyesen to approve the recommendations as presented. Second by Jacobson, unanimous.

2. The leadoff leg of a relay should be considered for a state record and asked the adoption of this change in the State Meet Manual be retroactive. If the Board approves, coaches have the opportunity to check if they have someone in this position from previous state meets.

Motion by Eastgate to approve the request. Second by Moe. A roll call vote was taken with the following results: Maus yes, Looyesen – yes, Jacobson – yes, Moe – yes, Sanstead – yes, Eastgate – yes, Ulland – yes, Helvik – yes, Ranum – yes, Schatz – yes. Motion passed unanimously.

The Board discussed the number of Board members that are unable to attend the next regularly scheduled meeting. Motion by Eastgate to change the date of the meeting from September 22nd to 23rd with the Finance Committee meeting scheduled for the evening of the 22nd and the Football Committee meeting prior to the Board meeting on the 23rd. Second by Ranum. A roll call vote was taken with the following results: Maus - yes, Looyesen – yes, Jacobson – yes, Moe – yes, Sanstead – yes, Eastgate – yes, Ulland – yes, Helvik – yes, Ranum – yes, Schatz – yes. Motion passed unanimously.

There was no Board correspondence to report.

Eastgate asked about the timeline for the replacement of the Assistant to the Executive Secretary position. The timeline is in place and progress will be presented by the Personnel Committee at a later date.

The Executive Secretary presented his report:

- a. The offer still stands for any Board member who takes the on-line coaches education as provided by the National Federation may voucher the expense which will be paid by the NDHSAA.
- b. We have a high percentage of sub-varsity coaches who are not on staff and would benefit from taking this course.
- c. There are 138 coaches that have taken the blended coaches education course which is a five unit course. The total taking the strictly on-line course is 322 coaches.
- d. The Board was sent replacement pages for the Policy Manual.

The Executive Secretary presented a building update. Upon adjournment, the Board will tour the building.

With no further business, motion by Looyesen to adjourn. Second by Helvik. A hand raise vote was taken resulting in the motion passing unanimously.

Respectfully submitted,
Sheryl Solberg
Asst. to the Exec. Sec.

**NDOA Board Meeting
Valley City, 9/13/09**

President Ron Wright called the meeting to order @ 11:57 AM with Richard Peterson, Don Martindale, Brad Nold, and Troy Huber attending.

President Wright welcomed all and especially new board members who were present, Don Martindale and Brad Nold.

Martindale moved to approve minutes of the February meeting. Second by Huber and motion carried.

A discussion concerning the upcoming board term vacancies and representation was held. Geography, sport representation and registration in one sport of a board member's portfolio were brought forward for consideration.

The board welcomes nominations or personal requests from individuals who would like to serve on the NDOA Board (Nominations will be from the NE or NW). One board position is to be filled from the NW or NE as Ron Wright will have completed two terms.

Brad Nold and Ron Wright will serve as the NDOA nominating representatives.

The Board reviewed some efforts regarding the Recruiting Officials' Blitz (ROB) as described in the 2009 February Minutes:

- The cooperation of the North Dakota State Media outlets was terrific
- Troy Huber's development of a ROB Brochure

With the winter clinics beginning October 7th, the Board recognizes ROB is a "journey" versus a "destination" as help is needed from all parties to create a new awareness for winter sports officiating. Please do what YOU can.

The board noted that officials in smaller towns are needed and that will be promoted through the ROB presentations and encourage athletic directors to set up more sub-varsity workshops.

Active Officials' Awards – Baseball, Perry Olson; Boys' Basketball, Rob Kueneman, Fargo; Girls' Basketball, Mark Ukestad, Jamestown; Football, Steve Conley, Bowman; Gymnastics, Tara Hofmann, Bismarck; Hockey, Mike Eslinger, Minot; Soccer, Dave Maier, Bismarck; Swimming, Lori Hahn, Williston; Volleyball, Jackie Walby, Dickinson; Wrestling, Justin DeCoteau, Bismarck. Peterson moved to accept the Active Officials' Awards. Second by Martindale and motion carried.

Martindale noted the cost of living increase according to Social Security Income Cost of Living Adjustment is 5.8% and moved the officials' fee schedule be increased 2.5%. Second by Huber. Motion carried.

A discussion was held concerning the basketball fee for sub-varsity where more than 16 minute halves are played; no action was taken.

Peterson moved to induct Ron Thue, Williston, ND into the NDOA Hall of Fame. Second by Nold and motion carried.

Next year's portfolios are assigned as follows:

Mike Anderson	- Boys' Basketball
Brad Nold	- Hockey & Baseball
Don Martindale	- Swimming & Gymnastics
Richard Peterson	- Girls' Basketball
Troy Huber	- Volleyball & Softball
Dennis Reep	- Football
Ron Wright	- Soccer & Wrestling

A discussion was held concerning whether or not the workshop agenda addresses the needs of the inexperienced AND experienced officials. The consensus is that each group has different needs so sometimes the agenda works and sometimes not. The Board encourages workshop supervisors for ALL sports to "view the field" to determine the needs of the group each is serving.

Some suggestions for workshops:

- Use scrimmages for workshops
 - Lower level intra-squad scrimmages work well for inexperienced officials
 - Upper level intra or inter-squad scrimmages work well for experienced officials
- Utilize expertise of the experienced officials to help teach
- Encourage workshop supervisors to join NASO for teaching and other resources
- Film study

North Dakota has a number of people serving on NFHS Rules committee:

Hockey – Rick Majerus, Chairman, Fargo

Hockey – David Hoff, Bottineau
Baseball – Brian Midthun, Enderlin
Soccer – Dave Maier, Bismarck
Gymnastics – Kim Pladson, Fargo
Football- Dave Carlsrud, Valley City

The board supported the idea of football camps similar to the Sioux Empire Camp held in Sioux Falls the past few years (next year's camp is June 20 – 21). Officials are provided classroom opportunities with peers and guest speakers as well as on-field work.

An officials' camp opportunity with clinicians of national prominence will be available in conjunction with the VCSU Team Camp the weekend of June 11 – 13 if there is enough interest. If there are officials who would be interested in helping develop such a camp, please contact Dave at the NDHSAA Office.

The next board meeting will be held Sunday, February 14th at noon via teleconference. Board meetings are open and people are welcome. Please contact a board member or Dave Carlsrud in advance to be on the agenda.

President Wright declared meeting adjourned.

Respectfully Submitted,
Dave Carlsrud

MINUTES
North Dakota High School Activities Association
Board of Directors
September 23, 2009 – Valley City, ND

The Board of Directors of the North Dakota High School Activities Association met on September 23, 2009 at the NDHSAA office in Valley City. President Schatz called the meeting to order at 9:00 a.m. with all members present except Swiontek.

Following additions and deletions, motion by Looyesen to approve the agenda. Second by Sanstead and carried.

The Board reviewed the minutes of the August 6, 2009 regular meeting. Motion by Jacobson to approve the minutes. Second by Ranum and carried.

The Executive Secretary presented the finance report. Motion by Ulland to approve the report. Second by Moe. A roll call vote was taken: Moe – yes, Ulland – yes, Ranum – yes, Jacobson – yes, Maus – yes, Sanstead – yes, Eastgate – yes, Looyesen – yes, Helvik – yes, Schatz – yes. Motion carried, unanimously.

President Schatz presented a report on behalf of the Executive Committee. The Board reviewed the guidelines for cooperative applications. Attention was brought to number 7, the last sentence, "No coop applications will be considered by the NDHSAA Board of Directors after the following dates:" The Committee recommended the statement be edited to read,

"Coop applications are due in the NDHSAA office by the following dates:

- i. Fall Sports-----June 1st, prior to start of season
- ii. Winter Sports-----September 1st, prior to start of season
- iii Spring Sports-----January 1st, prior to start of season

Coops will be acted on at the Board meeting following each date."

Rationale: Coop applications are currently being submitted by Sept 1st rather than having all action completed by the date. With the revision, coop applications are now due to the NDHSAA by the previously listed dates. Coops will be acted upon at the meeting which follows each deadline date. Coop applications from schools with existing programs must continue to be submitted by the end of

the preceding season or the late fee is applied. Moe stated this would clear up any misunderstandings with due dates. The committee also reviewed the policy requiring the application to be on the website two weeks prior to it being acted upon (page 11, Article 11). The committee suggested deleting the 2 weeks on the website requirement. Moe asked if the purpose of that requirement was to allow schools to respond. It was noted no responses have occurred to this point with any coop that has been posted. Motion by Jacobson to adopt the new deadline statement and eliminate the requirement of posting a coop application on the website two weeks prior to it being acted upon. Second by Ranum. A roll call vote was taken: Moe – yes, Ulland – yes, Ranum – yes, Jacobson – yes, Maus – yes, Sanstead – yes, Eastgate – yes, Looyesen – yes, Helvik – yes, Schatz – yes. Motion carried, unanimously.

Lee Kelm of McClusky appeared before the Board to give an update of the process of moving all cooperative sponsorships to be with Central McLean. Eastgate asked for clarification if this would be for the 2010-2011 year. Jacobson indicated by dissolving this coop, it would not change the football plan. Helvik asked for point of clarification, is this setting a precedent with the BowmanCounty/Scranton coop. Looyesen stated this is in the middle of a two year plan. Motion by Maus to deny the dissolution and to have the current program continue for the remainder of the two-year football plan. Second by Moe. Representatives from Scranton appeared before the Board to appeal a decision concerning their application for dissolution of a football coop with Bowman County. Supt. John Pretzer, Prin. Kelly Pierce and three board members were present to ask the Board to reconsider the recent decision to deny the dissolution of the Bowman County and Scranton Football coop and the football coop application with Hettinger. It was suggested application of dissolution of the 7th and 8th grade part of the current coop to allow them to play their own junior high football may be a solution to part of the situation. The committee recommended Four Winds must declare in writing to the NDHSAA and Region 3 teams their intentions no later than October 10th.
3. Held discussion as to what to include in the football survey that will be sent to member schools. The committee will meet in Bismarck on October 21st from 8:00 a.m. to 10:00 a.m. to select the survey questions that will be used to develop the guidelines for the 2011 & 2012 football seasons.

The Executive Secretary indicated there was support at the NDIAAA conference in Mandan which was held on Monday of the current week. Also shared was pay that is available for football officials working youth football in Fargo in comparison to hours required of a high school official. Carlsrud also indicated the officials have been very helpful in recruitment of officials. The Executive Secretary reported to the Board on a formal complaint filed by the Superintendent of Turtle Lake-Mercer concerning Four Winds use of an ineligible student in the second semester of the 2007-2008 year. The Executive Secretary determined a violation had occurred and asked the Executive Board to set penalty. President Schatz reported on the decision of the Executive Committee:

1. Four Winds will not be eligible for post-season for the 2009-2010 year
2. Four Winds must return any awards from district, region and state in the 2007-2008 school year
3. Current probation has been extended to the 2010-2011 school year
4. Any subsequent violation could result in suspension from all competition for a period of one year

The Executive Secretary shared with the Board a proposed membership application form for approval. This form will help address graded elementary schools requesting membership in the event they submit a coop application. Also, as per the Constitution & By-Laws, there may be a need for an application form for all members. The Board indicated this is a managerial situation. The Board has been made aware the staff will be using an application form for the purpose of record keeping with graded elementary schools.

Swiontek reported on behalf of the Fine Arts Committee:

Item 1. Held audience with Bismarck Public School music teachers. They requested a change to the number of vocal entry allotments for A music contests. Recommended: Increase the overall A allotment for vocal music entries at the regional events to 90 events per member high school and advance 50% at the regional to the state competition. This item will also be placed on the fine arts review committee's agenda at the spring meeting.

Item 2. A instrumental MVP registration report. Brian informed the committee there has been some resistance by advisors in the state to using this system but he has reminded those advisors the NDHSAA has already endorsed the mandatory use of the system.

Item 3. A 9th grade music participation is an issue for the large school districts that have middle schools with 9th grade students. This was also discussed in item 1 as well. The committee did not have a problem with 9th grade students participating with their respective high school as long as the districts followed their district attendance boundaries.

Item 4. Brian reported the NDHSAA office has received some complaints from the member schools regarding MVP registration for Fine Arts Activities Report. Some districts have stated it is very difficult to register students. Brian stated that Brenda and he have been working on the problems, but overall it is working well. The committee reaffirmed its position that anything new is going to have some minor issues but they will be worked out and the system will be an excellent program for the entire state.

Item 5. Brian provided some information regarding the regional drama competition in which two schools tied for 1st, but the tie breaking procedure was not used at that level. Through use of the rule, a reversal of places caused the 2nd place team to be awarded 1st place. There was no action by the committee, as this will be addressed by the full board.

Motion by Looyesen to approve the Fine Arts Committee report. Second by Jacobson. A roll call vote was taken:

Maus – yes; Eastgate – yes; Ranum – yes; Ulland – yes; Moe – yes

Looyesen – yes; Sanstead – yes; Jacobson – yes; Swiontek – yes; Schatz – yes
Motion carried unanimously.

The Board reviewed the information concerning the statement on medical appliances recently approved by the National Federation of High Schools. This is an awareness item.

The Board heard a request from St. John High School to reconsider the switch of the Division B girls' and boys' basketball seasons. Swiontek referenced the decision that was made by the District Chairpersons to continue with the plan as currently in place. This will be addressed when the report from the District Chairperson meeting is given.

A proposed officials' fee increase which was tabled from the previous meeting was shared in the form of a spreadsheet reflecting the requested increase. This proposal is a 2.5% increase recommended by the NDOA and tabled from the previous Board meeting. Motion by Ranum to approve the proposal. Second by Sanstead. Swiontek asked if the NDOA would consider a two-year cycle rather than an annual. Carlsrud indicated the assigned mission of the NDOA Board is to annually review and report to the NDHSAA Board. The Executive Secretary shared this could be a directive from the Board. A roll call vote was taken:

Maus – yes; Eastgate – yes; Ranum – yes; Ulland – yes; Moe – yes
Looyesen – yes; Sanstead – yes; Jacobson – yes; Swiontek – yes; Schatz – yes

Motion carried unanimously.

Ranum shared the results of the District Chairperson's meeting. Fifteen of the sixteen districts met with the following recommendations to be forwarded to the NDHSAA Board of Directors for consideration:

1. Eliminate summer coaching restriction for baseball and softball
2. Move Division B golf to the fall
3. Select district and region sites one year in advance
4. Allow sport specific open gyms
5. Football play-offs – Like seeds and like regions, the top team is home team in the odd number years and the bottom team is home team in the even numbered years.
6. Propose a rule change to the National Federation to allow unlimited substitution in volleyball
7. Recommend a white volleyball be used for district, region and state tournaments
8. Require an updated physical every year

The Board reviewed a letter from St. John asking to reevaluate the switch of seasons for girls' and boys' basketball. Motion by Swiontek to deny the request. Second by Jacobson. A roll call vote was taken:

Maus – yes; Eastgate – yes; Ranum – yes; Ulland – yes; Moe – no
Looyesen – yes; Sanstead – yes; Jacobson – yes; Swiontek – yes; Schatz – yes

Motion carried, 9-1.

The Executive Secretary reported on the staff exploration of incorporating on-line rules meetings. Through discussion, the staff set a proposed timeline. Requested is permission to begin this process by adding baseball for this spring. The timeline will possibly be completed for all rules clinics by the spring of 2011-2012. This is being considered as a potentially large saving for member schools. Moe indicated the importance of face-to-face. Swiontek also indicated the importance of face-to-face meetings. President Schatz directed the Executive Secretary to pursue this plan and report back to the Board on the progress of the plan. Ulland indicated staff can be out and have contact with the schools for other purposes rather than rules meetings.

Staff member Bubach reported to the Board about a situation at Region 5 plays in which New Rockford-Sheyenne had been erroneously rewarded first place and Griggs County Central second place at the region one-act play competition. New Rockford-Sheyenne is requesting the tie not be broken and two first place awards be given. Using the past practice of tie-breaking, Bubach's determination was the tie is upheld and the places and trophies are switched. Moe asked how much time transpired before this was called to the attention of the association. Motion by Jacobson to sustain the decision. Second by Ulland. A roll call vote was taken:

Maus – yes; Eastgate – yes; Ranum – yes; Ulland – yes; Moe – yes
Looyesen – yes; Sanstead – yes; Jacobson – yes; Swiontek – yes; Schatz – yes
Motion carried unanimously.

Ulland asked if there was a possibility of a different timeline for the test window for basketball online test. The Board was informed the test dates are set by the National Federation.

The Exec Sec Report:

1. At the last meeting, it was agreed a coaches' education committee be formed. The group is now in place. The meeting will be December 3rd at 10:00 a.m. at the NDHSAA office.
2. The Scranton football issue has been turned over to NDHSAA Attorney Gary Thune. All references must go to Attorney Thune.

With no further business, President Schatz declared the meeting adjourned.

MINUTES
Class B District Chairperson's Meeting
9:00 A.M. – November 20, 2009
Minot Holiday Inn
(Items advanced to NDHSAA Board listed following minutes)

The Class B District Chairpersons met at 9:00 a.m. on November 20, 2009 at the Minot Holiday Inn. Chairman Ranum called the meeting to order with all districts present. Chairman Ranum welcomed the district representatives and thanked them for representing their respective districts.

Following introductions, the Executive Secretary thanked the representatives for being an important part of the process. He indicated he will be passing out information sheets to be completed by each district for the 2010 district volleyball chairperson, 2010 district volleyball site and manager, and 2010 regional volleyball site recommendations.

Chairman Ranum indicated they would hear the recommendations from each district beginning with District 1. The district representative as indicated presented their district's recommendations:

District 1-----Rick Jacobson, Wyndmere HS, Supt.

1. Implement a mercy rule in basketball -- A running clock would be utilized when there is a point spread of 35 points or more at the end of the third quarter or thereafter. Once begun, the running clock will be stopped only for team, official, or injury time outs, and for technical fouls. Once a 35point differential is reached the running clock will continue even if the differential falls below the 35 points.
2. Equal representation of officials for regional tourney between the two districts involved. Example — if there are four officials used for the regional tourney then two of them should be from one district and two should be from the other district.
3. NDHSAA should determine the color of the volleyball for next year.

The group was asked for straw vote on #1 & #2:

#1 – Dist. 4 Chairman Herman asked if this would affect Class B only. Jacobson indicated – yes, he would assume this to be only for their division. Staff member Carlsrud asked NFHS Exec. Dir. Becky Oakes to review how the mercy rule worked when she was the Executive Director in the Missouri Association. Oakes indicated they found it was a sportsmanship issue. Herman stated it might not change attitudes and asked if the running clock in football is a good thing. Some were concerned it may become a management rule difficult to educate schools to understand the rule.

The Executive Secretary was asked to review where the District Chairpersons' recommendations go after there is a majority vote at the current meeting. It was also clarified a recommendation can be reviewed earlier than the January board meeting which is as past experience. Dist. 2 Steve Hall asked

if the mercy rule would be applied to varsity or sub-varsity. It was decided this was in general for all levels. Dist. 15 Enget stated football works well but is concerned the leading team might have the attitude of run up the score and go home. Dist. 8 Manley stated the mercy rule in football is harder to understand than basketball.

Vote to implement – 5-10

#2 Equal representation – Jacobson indicated too many times teams have a referee at regions that neither district has seen. Dist. 14 Lunde indicated you would be eliminating a large pool of officials to move on through the system. Staff member Carlsrud shared the background and process for selection of officials.

Vote – 1-14

District 2-----Steve Hall, Kindred HS, Supt.

1. Three Class Basketball: Please make a decision one way or the other and leave it alone.
2. Eliminate the upcoming summer coaching restrictions in regards to baseball and softball.
3. Make available MVP website to parents, student, and public to view stats and such.

Vote on #2 – 14-1

Staff member Schell addressed the group concerning the statistics indicating they are available based upon whether the schools put them on the website.

District 3-----Patti Aanenson, Larimore HS, AD

1. NDHSAA pay for Regional Wrestling Team Dual plaques
2. NDHSAA pay for Regional Team Football plaques
3. Using colored volleyballs at Regional and State - what is the decision?
4. The District would like to go back to boys' and girls' seasons as is. This will be addressed in a later portion of the meeting.

Vote on #1 - 3-12

Vote on #2 - 3-12

District 4-----Matt Fetsch, Grafton HS, AD

1. Move Class "B" boys and girls golf to the Fall
 2. Use a white volleyball for all post-season tournaments
- #1 - Steve Hall indicated this has been their district recommendation for a number of years. It appears fall is a better season because spring has been late. Starting early August would avoid the traffic you see in the spring. Obviously, there would be some changes in coaching, with some having to make a choice. As a member of a golf course board of directors Aanenson indicated in the fall, use of the course by the membership slacks off. Dist. 6 Dale shared a concern so many students that play golf, it would hurt their football and volleyball programs as there may be large numbers that choose golf.

Vote #1 – 10-5

District 5-----Matt Herman, Ellendale HS, Prin/AD

1. Determine district and region sites selections for all activities one year ahead of current procedure. We should already know where the district will be the following year and should be determining the site for the second year out. Aanenson asked what is the reason? Herman indicated this shows districts are planning ahead. Dist. 14 Lunde indicated their districts have the sites determined ahead and can tell people where the site will be several years ahead.

Vote #1 – 9-6

District 6-----Les Dale, Ashley, HS, Supt./AD

1. Allow "sport specific" open gyms - safety reasons.
2. Football playoffs - Like seed and like regions, the top team is home team in odd numbered years and the bottom team is home team in even numbered years.
3. Football playoffs - have playoff information available much earlier.
4. Stay with the white ball at the State Tournament (or have everyone use the same balls)
5. Even out the number of teams in each district
6. Captains, Coaches, and Officials meeting with 20 minutes on the clock- start immediately. Each set of officials is doing this differently.

#1 – Dist. 12 Person indicated she witnessed multiple activities in the gym at same time which was an accident waiting to happen. With football, volleyball and basketball going on at the same time, the conditions are not safe. If sports specific open gym is allowed, it would be very important to inform coaches as to the guidelines.

Vote - 11-4

#2 Dist. 8 Manley shared their football program has been on the road every year. Staff member Carlsrud supported this recommendation as a solution. Dist. 15 Enget stated it could cause problems on other than 9-man football.

Vote – 13-2

District 7-----Jason Wiberg, Lakota HS, AD

1. Motion to leave girls and boys basketball seasons where they are currently.
2. Motion for the NDHSAA to provide Region Football Plaques.
3. Motion to have unlimited substitutions in volleyball.

#1 – Chairman Ranum reviewed the schedule for girls' and boys' bb for the 2010-2011 year. Discussion followed. Dist. 7 Wiberg indicated there are possibly better options than the switch. Dist. 11 Marshall asked to figure out a way to resolve it by leaving as planned. Also discussed was move volleyball season one week earlier. Dist. 3 Aanenson suggested moving football one week later would cause another week so you can move volleyball one week earlier. Dist. 2 Hall stated with the switch, a lot of things are in place and why would we change the decision when we have not yet tried it. The Executive Secretary indicated with the switch, the venues were in place so nothing was changed administratively so to reverse the switch would be as easily done. Dist. 14 Lunde pointed out the discussion held indicated the media and venues should not be determining the tournaments. We followed the process to address the problem and now that it is time, is this what we want to do without trying it? Dist. 4 Herman indicated the number of times the pre-season practice for basketball is being interrupted by more than just the state volleyball as there are music activities, etc. The Board has worked on this for quite some time and we should follow through. Where were we before? Dist. 12 Person states, in a simplistic form, do you want to give the girls a break or do you want boys' state basketball tournament in Fargo or Bismarck. The boys are anxious to get into the gym and the girls are tired. Dist. 1 Jacobson indicated something needed to be done.

Vote #1 - 5-9 (one abstained).

Vote #3 – 8-7 – The proposal will be sent to the National Federation for consideration.

District 8-----Jeff Manley, Leeds HS, Prin/AD

1. Reduce the number of weight classes in wrestling for Class B to 12 with the following classes: 107,114,121,128,135,143,152,162,173,182,200,285

If this is not possible because of National Federation rules, then North Dakota should propose to the Federation to allow states to set weight classes as they see fit.

2. District 8 is in favor of not switching seasons for girls and boys basketball effective the 2010-11 season.

#1 Duals have become small making it difficult for schools to fill 14 wt. classes, 12 would be easier. Carlsrud shared the National Federation Wrestling Rules Committee is coming forward with three wt class plans that will be sent out to the states. Nationwide, earl indicated staying with 14 wt. classes. There is currently a process in motion to study nationwide. Manley did not request a vote as the National Federation is currently working on the issue.

District 9-----Andy DeCoteau, Solen HS, Supt./AD

1. Volleyball-how are blocking stats kept?
2. Centralize regional volleyball - either Shiloh or neutral floor in Bismarck-Mandan area

#1 - Staff member Solberg indicated this was a topic at the rules clinic and there are links on the web to instruct statisticians on accurately calculating volleyball statistics.

District 10-----Rodney Scherbenske, Goodrich HS, Supt./AD

1. Move the starting date for volleyball earlier so there is one week between volleyball and basketball and do not flip boys' and girls' basketball seasons.
2. Shorting the warm up time in volleyball and do like the colleges do.
3. How are all-state selections determined. There has been some concern.

#3 – Concerns about all-state selections should be taken to the North Dakota High School Coaches Association.

District 11-----Debby Marshall, Towner-Granville-Upham HS, Supt.

1. Do not make the switch with girls and boys basketball seasons.
2. Sub-varsity warm-up is not consistent – would like to see districts come up with consistency in the time allowed.

District 12-----Peggy Person, Lewis & Clark-Berthold HS, AD

1. Freeze officials pay schedule

The increase in the officials' regular season fee schedule was a recommendation that was discussed last year as well as this year and was not solely in response of the motion that was tabled from the last NDHSAA Board of Directors' meeting. Dist. 12 is not asking for a vote but simply a respectful request.

District 13-----Brandt Gaugler, Beach HS, Prin/AD

1. Discussed a three-class system for volleyball and basketball
2. What is the progress on state-wide competitor numbers for Track & Field?

Staff member Schell indicated this has been tested and is possible if all track & field programs would be timely in placing their roster on the website. The later deadline for this activity makes this difficult.

District 14-----Mitch Lunde, Beulah HS, AD

1. VB – Specific ball-color for District, region and State Prefer: Red, white and blue
2. VB – Three Divisions to start
3. Require an updated physical every year
4. Statewide track numbers

#1 – Their district wishes for consistency with a specific color. Suggested stay with a white ball or go with a red, white and blue ball.

Vote – White – 12, Red-White-Blue – 3

#2 – A straw vote was requested to indicate what districts are interested in three-division volleyball. The straw vote revealed 3 districts interested.

#3 – Discussed using a Form A physical every year. The Executive Secretary indicated this is on the agenda for the Sports Medicine Committee

Vote – 14-1

District 15-----Lyne Enget, Stanley HS, AD

1. Shorten season one week. Suggested districts go back to discuss shortening volleyball.
2. Their district is in favor of a colored volleyball
3. District 15 had a question concerning the 5% that is sent back to the association for insurance. The Executive Secretary shared how North Dakota Insurance Reserve is funded as well as the catastrophic insurance the association funds each year for all member schools.

District 16-----Celeste Thingvold, Bowbells HS, Prin/AD

1. Support looking at re-districting as they lost a school to a Montana coop. The Executive Secretary shared the difficulty of equalizing districts and to maintain a standard assignment for volleyball and basketball is difficult. With schools closing and coops forming, the numbers may be moving toward dropping districts and moving toward regions.

Chairman Ranum thanked the members for their involvement in this process.

The Executive Secretary informed the group there are 8 items in which the vote indicated they are to be forwarded to the NDHSAA Board for consideration:

1. Eliminate summer coaching restriction for baseball and softball
2. Move Division B Golf to the fall
3. Select district and region sites one year in advance
4. Allow sport specific open gyms
5. Football play-offs – Like seed and like regions, the top team is home team in the odd number years and the bottom team is home team in the even numbered years.
6. Propose a rule change to the National Federation to allow unlimited substitution in volleyball
7. Recommend a white volleyball be used for district, region and state volleyball tournaments
8. Require an updated physical every year using Form A

There being no further business, Chairman Ranum declared the meeting adjourned.

The Board held audience with Supt. Wayne Trottier of Four Winds. Also present Eric Longie, Board president, Chip Anderson, principal and head girls' coach and Justin Yankton, Sec/ Treas of the Spirit Lake Tribe. The request of the Board was to appeal the penalty as assessed by the Executive Board at the November, 2009 meeting. The penalty was for the use of an ineligible player during the second semester of the 2007-2008 year in boys' basketball. Members of the community were also present to support the appeal. Supt. Trottier suggested a monetary fine rather than the punishment that affects the present boys' basketball athletes for a violation which took place three years earlier. Following the audience, the Board asked questions and comments. Maus stated although the decision affected kids, it was a decision that had to be made. Supt. Trottier was asked to explain the "oversights" and how this will not happen in the future. Supt. Trottier indicated he will be made aware of any situations in the school which, in the past, he was not informed. There will now be a system of checks and balances with more than one person being responsible to determine eligibility of any student that transfers into the school district. There is now an annual eligibility review. Also being offered is an after-school program to emphasize the importance of scholastic eligibility. The school and athletes have already experienced consequences by returning awards, etc. Ranum asked Dr. Trottier if he was aware the then athletic administrator actually knew they were using an ineligible student. Jacobson asked Dr. Trottier what he felt would be an alternate penalty rather than ineligibility of post-season. Jacobson asked if post-season district play could be allowed if the team was not allowed to advance further than district. President Schatz stated there needs to be a penalty. The Executive Secretary suggested if the Board wished to accept the appeal, should the decision of a penalty go back to the Executive Committee. Ulland stated it appears Four Winds is cleaning house and asked is there going to be an assurance that things will change? Board members expressed a reluctance to overturn the decision of the Executive Committee. Dr. Trottier assured the Board situations will be dealt with swiftly in the future. Eastgate emphasized any decision of the Board that affects students is not taken lightly and the Board has been put in a position in which they had to address the decision. Motion by Swiontek to reinstate Four Winds boys' basketball for the 2009-2010 post-season. Second by Looyesen. A roll call vote was taken: Ulland – no, Swiontek – yes, Ranum – yes, Sanstead – yes, Eastgate – no, Looyesen – yes, Jacobson – no, Maus – no, Moe – no, Helvik – no, Schatz – yes. Swiontek reported on the Coaches' Education/Certification Committee meeting which took place December 3, 2009. It was stated North Dakota was one of the few states that did not require some form of certification for coaches. This is becoming more important as there is an increase in the number of coaches that are from outside the school system. Maus asked if this movement might be something that should be implemented by the individual schools rather than the NDHSAA Board. Swiontek clarified the function of this committee is in the best interest of the student athletes of North Dakota. Moe informed the Board although the coaches association has encouraged coaches certification, the group does not have the power to do some type of requirement. He also indicated the NDIAAA met and they were in support of coaches' education. They feel the time has come to do so. Jacobson pointed out this is the right thing to do. Some coaches probably should not be coaching and if they do not wish to go through the time to certify, that should be a concern. This Coaches' Education/Certification Committee will meet again April 14, 2010. Looyesen indicated it would be important to get the support from all the education organizations.

The Board held audience with a delegation from Washburn to hear an appeal to a decision in which eligibility was denied a transfer student. The Executive Secretary made available to the Board letters sent that further explain the appeal. First presentation was Supt. Brad Rinas, Washburn, also Brad

Swiontek asked staff member Carlsrud to report on the investigation he conducted and what caused him to believe there is a dual residence present. Motion by Jacobson to deny the appeal. Second by Ulland. A roll call vote was taken: Ulland – yes, Swiontek – yes, Sanstead – yes, Ranum – yes, Eastgate – yes, Looyesen – yes, Jacobson – yes, Maus – yes, Moe – yes, Helvik – yes, Schatz – yes. Representative Reports

Ulland indicated there are still some schools that are not certain whether the Class B girls' and boys' basketball seasons have been switched. The membership will be reminded at the General Assembly meeting this is in effect for the 2010-11 year.

Discussion was held concerning the General Membership meeting. The agenda was reviewed. A quorum requires 50 member schools. If a quorum is established, business can be conducted. In

anticipation of a possible amendment, the Board reviewed if an amendment to a proposed amendment would be passed at the assembly, this would nullify any electronic vote.

The Executive Secretary presented his report:

1. In the Board folder, the result of balloting for region and state basketball officials shows the return of ballots. There were a number of schools that did not return their ballot.
2. Currently there are 12 applications for the upcoming Assistant to the Executive Secretary opening.
3. West Fargo High School investigation revealed the City of Fargo had determined the subject of the investigation had vacated their home in Fargo which is in violation of the zoning laws for businesses being run in a residential area.
4. There is a concern hockey officials are boycotting region tournaments because of the lodging policy for regional tournaments where rooms are provided as needed. A number of hockey officials are demanding lodging for all nights rather than driving and refuse to officiate the regional tournament. A brief Officials Committee meeting will be held following the Board meeting to discuss this issue.
5. Gave a brief report on the hardships investigations and how the rulings were made.

The next meeting is scheduled for March 12, 2010 in Bismarck.

With no further business, President Schatz declared the meeting adjourned.

Respectfully Submitted,

SECTION I: Class A Schools:

a. This group shall consist of all member high schools with a total enrollment of 325 or over, and/or an enrollment of 160 or more pupils in an all male school in grades 9-12, inclusive as of October 1, 1974, plus any member high school that elects to choose Class A as provided in paragraph (b), (c) and (d) herewith.

b. Any high school with a total enrollment between 200 and 324 in grades 9-12, inclusive on October 1, 1974, may elect to join Class A for interscholastic competition by written notice to the Board of Directors of the North Dakota High School Activities Association before January 1, 1975.

c. After classes are established on January 1, 1975, a member school having a total enrollment of more than 199-and less than 325 in grades 9-12, inclusive must give two years notice to the Board of Directors to change its classification. Such choice must be made not later than September 1st of any year and shall become effective with the opening of the fall term two years later. Schools that elect to become Class A schools must remain in that classification for a minimum of three years before they may again apply for reclassification. Provided further, when the total high school enrollment in grades 9-12 drops below 325, and/or the enrollment in an all male school in grades 9-12 drops below 160, that school shall have one year of grace in which to choose its class of competition. Should an A school drop below 200 in enrollment in grades 9-12 and continue below 200 for two consecutive years, this school must be reclassified as a B school. Should a school rise above 324 in enrollment in grades 9-12, inclusive and continue above that figure for two consecutive years, this

school must be classified as an A school unless waived by the NDHSAA Board of Directors upon a showing that the projected enrollment in grades 9-12 will be less than 325 in the first year of such reclassification as an A school.

d. Should a new high school be established in an existing district or area, whose enrollment in grades 9-12, inclusive, exceeds 324, the two year waiting period stated in paragraph (c) above shall be waived and the school shall be immediately classified as an A school.

SECTION II: Class B School: All member high schools, other than those designated Class A, shall be classified as Class B schools.

SECTION III: Where there are two classes or divisions for competition in NDHSAA sponsored events, school classification (325 and above for class A, 324 and below for class B) will be used and member schools must compete within their school classification (325 and above for class A, 324 and below for class B) in NDHSAA regional and state events.

SECTION III-IV: The Board of Directors of the North Dakota High School Activities Association is authorized to combine classes in all athletic or non-athletic contests and festivals if it appears expedient and desirable. (Oct. 2007)

Athletic Director Lorell Jungling, Mandan introduced an amendment to Part Two, Article XII, Section I, of the Constitution & By-Laws.

SECTION I: A student participating in NDHSAA sanctioned athletic events and representing his/her school must have on file with the superintendent, principal, athletic director or school nurse an annual Athletic Pre-Participation Health History Screening and Physical Examination form completed by a qualified health care professional (i.e. Doctor of Medicine or Osteopathy, Nurse Practitioner or Physician Assistant under the supervision of a physician) prior to participation; physical examinations or health history screening updates must be completed on or after June 15 for the current school year. FORM: A physical examination is required by a Medical Doctor, Doctor of Osteopathy, Nurse Practitioner or Physician Assistant. The front page (the health history screening) is to be completed by the student and parent/guardian. The back of the physical examination form is to be completed by the individual conducting the physical examination.

INTERPRETATIONS SECTION I

This Article requires a physical examination as stated in Article XII of all prospective athletes. Parental consent is required before any athlete is permitted to participate in high school athletics.

The purpose of this section of the By-Laws is to protect the athlete from undiscovered physical weaknesses which might be aggravated by strenuous physical activity and also to protect the school administration from possible legal action charging negligence in permitting participation without a doctor's certificate of fitness. School administrators will keep records of the physical examination and parental consent on their files.

Deletes: A student being physically fit to participate in such activities will require a screening every two years. The Health History Screening must be updated year two by the student and parent/guardian; any change in the Health History Screening (from previous year) will require a physical examination year two;

Adds: the word annual in line three.

Changes: In the last line the amendment proposes a change of April 15 of the past school year to June 15 of the current school year.

Motion by Jungling to approve the amendment. Second by Calvin Dean, Dickinson.

Athletic Director Calvin Dean, Dickinson introduced from the floor an amendment to the amendment.
Amended Amendment to Part Two, Article XII, Section I of the NDHSAA Constitution & By-Laws

SECTION I: Prior to participation (including practice), a student participating in NDHSAA sanctioned athletic activities and representing his/her school must have on file with the superintendent, principal, athletic director or school nurse an annual NDHSAA-approved Athletic Pre-Participation Health History Screening and Physical Examination form completed by a qualified health care professional (i.e. Doctor of Medicine or Osteopathy, Nurse Practitioner or Physician Assistant under the supervision of a physician); the Athletic Pre-Participation Health History Screening and Physical Examination is valid for one school year; a physical examination completed before June 15 is not valid for participation the following school year.

FORM: A physical examination is required by a Medical Doctor, Doctor of Osteopathy, Nurse Practitioner or Physician Assistant. The front page (the health history screening) is to be completed by the student and parent/guardian. The back of the physical examination form is to be completed by the individual conducting the physical examination.

INTERPRETATIONS SECTION I

This Article requires a physical examination as stated in Article XII of all prospective athletes. Parental consent is required before any athlete is permitted to participate in high school athletics. The purpose of this section of the By-Laws is to protect the athlete from undiscovered physical weaknesses which might be aggravated by strenuous physical activity and also to protect the school administration from possible legal action charging negligence in permitting participation without a doctor's certificate of fitness. School administrators will keep records of the physical examination and parental consent on their files.

Motion by Dean to accept the amendment to the amendment. Second by Jungling. Members of the assembly spoke to this amendment including Supt. Tom Rettig, Medina, Ath. Dir. Lorell Jungling, Mandan, Supt. Hy Schlieve, Drayton, and Ath. Dir. Mike McCall, Wahpeton. A voice vote on the amendment to the amendment carried with one voicing a dissenting vote.

1. Membership to the Board of Directors from the Class B Northeast Region for a four year term – Kirk Ham, Park River.

Board member Moe presented a report on behalf of the Football Committee. Guidelines and timelines were shared with the membership, highlighting the recent changes. The finalization of the plan is dependent on receiving enrollment and free and reduced meals programs from the Department of Public Instruction. Timelines include April 1 with preliminary plan, June 1 dissolutions, September 15 deadline for new coops and October the final plan will be presented at the General Assembly meeting.

The Executive Secretary gave his report:

1. At the October meeting, there was reference to the National Federation Spirit of Sport which is on the website. Member schools are encouraged to nominate a student from their school who would fit the profile outlined in this program.
2. Seventy-five schools have renewed their sportsmanship program. This is a low number in comparison to the number of member schools.
3. Yesterday the Board approved a waiver of the 2 games per week with the provision the rescheduled game is because of a weather postponement.
4. Reminder in 2010-2011 the boys' and girls' Class B basketball seasons are switching. The boy's season will begin Nov. 15th and the girls' season Nov. 29th.
5. There is a committee in place to discuss coach certification and what direction should be taken requiring certification of coaches.

7. Also, a request was made to allow junior high students to break up their season rather than counting their weeks of eligibility consecutively. That request was denied.
8. The membership was encouraged to go on the website and review the recommendations that come from the various sport advisory committees as well as the district chair recommendations and Class A Review recommendations.

The board reviewed the retention and recruitment of officials.

- The "Recruiting Officials Blitz" (ROB) seemed to make good progress creating awareness and believe it will be an annual "journey".
- Continue promoting through state tournament media.
 - All officials are encouraged to help arrange features
 - The board members will continue working with meeting

Dave reported on the basketball officials' selection process and that contracts have been issued.

Dennis Reep asked about selection processes in general and if they will remain the same when Dave retires. It was thought that none of the processes are "wrecked" and that "tweaking" will likely take place, but wholesale changes shouldn't be needed.

There was discussion about whether or not basketball officials should be allowed to work more than one tournament series. The consensus was the current policy of working one tournament series per season is serving the programs well.

Dave reported that state and region officials' contracts and process will be adjusted beginning with the spring tournament series. Contracts will be signed by the NDHSAA representative only after the official signs and returns the contract. The NDHSAA Board reserves the right to cancel a contract as deemed necessary by the board.

**Class B District Chairperson Meeting
March 19, 2010--9:00 A.M.
Minot Holiday Inn Riverside**

The Class B District Chair meeting was held on March 19, 2010 at the Minot Holiday Inn Riverside. Chairman Maus called the meeting to order at 9:00 a.m. with all districts represented.

Chairman Maus welcomed the district chairpersons and thanked them for representing their district. Each representative introduced themselves and identified their district.

The Executive Secretary thanked the member schools for their past service to the member schools. Sheets were passed around to allow each member to complete information on the 2011 Girls' District chairperson and region site recommendations as well as 2011 Boys' District chairperson and region site preference. The group was reminded the April Board meeting is the time the region sites are set and information from the districts assist in this process.

Chairman Maus reminded the group the recommendations require a majority vote for it to be forwarded to the NDHSAA Board for consideration.

Each member presented the recommendations from their respective districts. Votes were taken on various recommendations. Where no vote is indicated, no vote was taken.

District 1-----Rick Jacobson, Supt. Wyndmere

1. Implement a coaching box for basketball. Volleyball coaches appear to be up moving around already.

Staff member Carlsrud stated with the uniform rule, coaches' box, and other rules in the National Federation rule book, enforcement must be from the top down. Administration can be a determining factor in the implementation and enforcement of these rules. Until rules such as properly wearing a legal uniform are enforced by the coach and administration we cannot rely on enforcement of these rules by officials. Many of these items should never get out of the lockerroom.

2. Reduce weight classes from 14 to 12 especially in Class B. With this many weight classes, too many forfeits were occurring this past year.

The weight class issue is something that is being studied by the National Federation. The committee recognizes the problem and is studying not only reducing the number but what weight classes will constitute the reduced number. The membership was cautioned in thinking of deviating of the National Federation rules. The National Wrestling Coaches Association data base is being implemented to determine which weight classes could possibly be dropped. Wiberg from District 7 indicated the reduction of weight classes has been brought up for the past several years and it has been voted upon at previous meetings. Lunde stated schools are worried about their sport and coaches are heavily in favor of going to 12 classes. The North Dakota wrestling coaches feel the weight classes should be 105, 112, 119, 126, 132, 138, 145, 155, 167, 185, 205, 285. They understand crossing state lines could cause difficulty if other states do not have the same weight classes. Carlsrud asked if there was any talk about a different number of classes. Several districts indicated their wrestling region talked about 12 weight classes. Wiberg indicated if we deviate from the rule, it would be in the best interest of the wrestlers. Aanenson from District 4 indicated there was talk about going back to the original 12 prior to the time the number of classes was increased to 14. Lunde indicated there is a need to determine the number of weight classes and put people in place to determine those classes.

VOTE – to reduce the weight classes to 12 with no particular weights specified. (16-0)

District 2-----Steve Hall, Supt. Kindred

1. Summer Baseball Coaching Rule -- eliminate summer baseball coaching rule & set defined allowable baseball coaching dates of Mar. 15-Sept. 15.

The Executive Secretary indicated this is being addressed by the Class A Review. No vote was taken.

The Executive Secretary shared the results of Board action on the recommendations that came from the previous District Chair meeting in November, 2009.

District 3-----Patti Aanenson, AD Larimore

No recommendations at this time.

District 4-----Matt Fetsch, AD Grafton

1. Make a 35-second shot clock mandatory for all Class "B" GBB and BBB games beginning in 2011-12.

It was clarified this recommendation is for varsity games. Supt. Cascaden of District 15 stated their district is opposed to the expense of installation and securing an operator. Ath. Dir. Peggy Person of District 12 and Supt. Andrew DeCoteau of District 9 indicated their districts were opposed. Person shared they hosted a four-team super Saturday using the shot clock. The shot clock went off once during those games.

2. Move Class "B" boys and girls golf to the fall beginning in 2011.

Overwhelming support came from their district. Supt. Jacobson stated flooding can be an issue with spring golf. Supt. Tom Rettig of District 5 stated with spring golf, teams play into good weather and in fall golf, teams play into bad weather. Aanenson shared their district had mixed reviews but will never know if it works until it is tried. Ath. Dir. Mitch Lunde of District 14 said a decision to move golf to the fall would result in three opportunities to compete in the fall and only one in the spring. Ath. Dir. Brandt Gaugler of District 13 shared concern with going from two sports in the fall and two sports in the spring to three and one could cause a problem.

VOTE – Move boys and girls' golf to the fall beginning in 2011. (9-6)

3. Switch to 16 minute halves for all 9-12 basketball and 12 minute halves for junior high basketball.

This would work with games in Minnesota where they are using the half timing. Lunde stated 16 minute halves are better than 18 because of the number of athletes in the Class B programs. Jacobson shared with quarters, there are more stoppages for coaching. Supt. Cascaden asked how would this work with quarter limitation? It was clarified the limitation for Class A is three halves per night. Ath. Dir. Person indicated she had difficulty voting without discussing this with the district members.

VOTE – Change to 16 minute halves for high school and 12 minute halves for junior high (3-12).

District 5-----Tom Rettig, Supt. Medina

No agenda items at this time.

District 6-----Les Dale, Supt. Ashley

No agenda items at this time.

District 7-----Jason Wiberg, AD Lakota

1. Change the region basketball and volleyball set-up so that the #1 team in each district is the home team in each bracket.

VOTE (4-12)

District 8-----Kevin Baumgarn, Supt. Munich

1. Request discussion on holding the region 3rd place game.

There seems to be a lack of respect for the game from some teams if they are not playing for a state tournament berth. Ath. Dir. Fetsch indicated he felt coaches like the third place game if they themselves are in the championship because it builds up the excitement. Supt. Cascaden indicated we should not want to take away the chance for a team to win a trophy by eliminating the third place game.

District 9-----Andrew DeCoteau, Supt. Solen

1. Region/State voting for officials should be sent to the AD and coaches.

There were some coaches that indicated they did not receive a ballot.

2. Shot Clock - District not in favor

3. Halves instead of quarters - District not in favor

4. Mercy Rule - What's happening with the study?

The group indicated they wish to have the staff explore what other states utilize the mercy rule and the details of the rule. This information will be obtained from the National Federation website.

District 10-----Rodney Scherbenske, Supt. Goodrich

1. District 10 is asking why is there a different ratio for advancement to State Music between Class A and Class B.

Staff member Bubach shared with the regions more closely adhering to the rules, there should be some data coming that will help in determining the quota percentage.

2. With the number of transfers, there are concerns with families moving to a different district and starting their children in that school district. Once the students establish eligibility, the parents return to their original city of residence, leaving their children eligible in their new school.

District 11-----Malcolm Marcus, AD, TGU Towner

1. A pay scale for 3 man officiating crews.

Staff member Carlsrud reminded the group in issues where the number of officials change, the fee schedule is a maximum recommendation. Schools can pay the maximum amount or a negotiated amount. Prin. Gaugler indicated their school always pays the maximum fee. Aanenson shared they pay three for varsity and pay for two for JV, allowing the officials to use a three-whistle and split that amount among the three. Brandt indicated they rarely have three-whistle for basketball or 5-whistle for football because there are not enough officials in the area.

2. Change the boys and girls seasons back to the way they were in two years.

Ath. Dir. Lunde stated it is difficult to vote when the process is in place but we have yet to implement it.
VOTE – (1-15)

District 12-----Peggy Person, AD, Lewis & Clark Berthold

1. No out-of-season coaching rule for baseball: where will we find the coaches for summer baseball?

2. Coaching box for basketball? Seatbelt rule? Let's have the rule fit the practice (or vice versa).

3. Point of discussion. There are different coaches with various demeanors that are standing during a basketball game. Discussion followed. Carlsrud shared that until administrators buy into the rules concerning bench decorum, uniforms, etc. we should not depend on officials to correct these issues which actually should not reach the court.

District 13-----Brandt Gaugler, Prin/AD, Beach

No further recommendations.

District 14-----Mitch Lunde, AD, Beulah

1. MVP website -- Fines/legal issues discussion.

Discussion was held.

2. Remove the underline section. Junior high students may compete on both the junior and senior high teams providing they conform with the regulations in 6, 7, and 8. However, once a junior high student in a school with a 7th and 8th grade enrollment of 50 or more competes on a high school team, he/she no longer is eligible for the junior high team.

This is on the agenda at the NDIAAA spring conference.

3. Wrestling -- All minimum weight and 2% request be calculated to the tenth, as digital scales read.

This would be for consistency as there is a need for a clarification. Carlsrud informed the group this type of recommendation will be coming from the Wrestling Coaches Advisory Committee.

4. Wrestling-- 12 weight classes

No further discussion on this recommendation.

District 15-----Steve Cascaden, Supt. Parshall

1. Shot clock - Hard to come up with someone to run it and cost.

As a point of discussion, sportsmanship is going by the wayside. Fans are using unsportsmanlike conduct as an intimidation factor which is unacceptable. Ath. Dir. Brandt shared they had a discussion about this issue at their district tournament. There is an increasing practice of student fans gathering on the endlines for unsporting reasons.

District 16-----Celeste Thingvold, Prin/AD, Bowbells

1. Vote for regional and state basketball officials during the season instead of in the fall.

This has been previously discussed.

The Executive Secretary gave a review of those recommendations that carried sufficient votes to be brought forward to the NDHSAA Board of Directors:

1. Reduce weight classes from 14 to 12.
2. Move boys' and girls' golf to the fall beginning in 2011, 9-6 vote.

Carlsrud shared information concerning the mercy rule being used by other states. These samples from other states will be sent to the districts for study.

Chairman Maus thanked the group and declared the meeting adjourned.

Staff member Carlsrud reported to the Board of recent information received concerning the request of an experiment for reduction of weight classes in Class B wrestling. The National Federation is currently working on what can be done for smaller programs providing 12 weight classes rather than

the current 14 weight classes. Discussion was how to decide which recommendation would be acceptable and how to proceed to request permission from the National Federation to conduct an experiment with a revised weight classification. The Board agreed to delay action on the wrestling issue until more information can be obtained.

Once the discussion of recommendations concerning the altering of weight classes was finished, Moe asked to have this issue moved forward with a study committee. Staff will form a plan.

Following review of the advisory recommendations, Swiontek asked Carlsrud if the boycott of regional hockey by the Grand Forks hockey officials has improved. Carlsrud indicated the situation is better. The Executive Secretary indicated NDHSAA attorney Thune is working on a contract that would help eliminate this type of situation.

The Board discussed the previously approved recommendation from the Basketball Advisory Committee for the use of the shot clock for Class B girls' and boys' basketball. Motion by Swiontek to appoint Jeff Fastnacht of Ellendale to serve the 2010-2011 term as the replacement contingent upon Mr. Fastnacht's acceptance. If not accepted, the Board will hold a conference call within one week to determine a candidate. Second by Jacobson. Moe reported on FB committee

1. The Committee reviewed a letter from VCHS concerning the preliminary plan requesting to be assigned to the east region. This has been tabled until September.
2. Discussed the request for dissolution of the football coop for Oak Grove and Park Christian. Even though it is past the deadline, the Committee recommends this coop to be resolved because the out-of-state school is starting its own program.
3. The Committee needs to look at the timelines of the football plan and how it can better serve the committee and the schools of ND. That may be by studying and promoting a change of the dates set by the bylaws. Motion by Looyesen to accept the recommendation of the committee and grant the request to dissolve the football coop between Oak Grove and Park Christian. Second by Sanstead. A roll call vote was taken: Swiontek – yes, Looyesen – yes, Ranum – yes, Ulland – yes, Maus – yes, Eastgate – yes, Sanstead – yes, Moe – yes, Helvik – yes, Schatz – yes. Motion carried, 10-0.

The Board reviewed a coop application from Bismarck Public Schools and Kidder County Steele and Kidder County Tappen for softball. A letter was included in the application to indicate Bismarck HS and Century HS will be splitting their current coop and those schools joining their coop will participate according to where their students reside. Motion by Ranum to table for more information. Second by Ulland and carried.

Carlsrud presented information concerning the Board's questions on the proposed reduction in the number of wrestling weight classes. There is a possibility of requesting permission from the National Federation for an experiment. NF wrestling liaison, Bob Colgate indicated the best chance for approval of an experiment would be to use NFHS weight classes and eliminate two. Suggested weight classes to be eliminated are the 135 lb. and 189 lb. classes. Using the NWCA data, the 189 lb. weight class has the greatest number of forfeits. The 285 lb. weight class has the second greatest number of forfeits but recommend not eliminating that weight class because it is too close to the 189 lb. class. The weight class to eliminate which would be more equally distributed among the range

would be the 135 lb. class. It was recommended to survey the Class B Coaches on this proposal and create a report to the Board at the August meeting. Motion by Eastgate to approve the report and continue the implementation of the Class B wrestling weight proposal. Second by Ulland. A roll call vote was taken: Swiontek – yes, Looyesen – yes, Ranum – yes, Ulland – yes, Maus – yes, Eastgate – yes, Sanstead – yes, Moe – yes, Helvik – yes, Schatz – yes. Motion carried, 10-0.

The Board held audience with a group introducing a new plan for a Three-Class system for basketball and volleyball for the 2011 and 2012 school year. Representing Edgeley, Valley City, Fargo, Grafton, Enderlin, Beulah, Barnes County North, Griggs County Central, Jamestown, Drayton, Richland, Wyndmere and Lewis & Clark, Berthold was Supt. Rick Diegel of Edgeley who presented the plan. Also addressing the Board were Supt. Dean Koppelman of Valley City and Ath. Dir. Jim Roaldson of Jamestown. The Board thanked the group but reiterated if this plan is to be approved, it must be membership driven. Supt. Koppelman asked the Board to approve a vote of the membership to be taken at the October meeting. If the membership shows favor with the plan, the presenting group would take it to the member schools to answer all questions. Motion by Maus to allow this group on the agenda for a presentation and administer a binding roll call vote of the member schools at the October General Assembly meeting. Second by Moe. A roll call vote was taken: Swiontek – yes, Looyesen – yes, Ranum – yes, Ulland – no, Maus – yes, Eastgate – yes, Sanstead – yes, Moe – yes, Helvik – yes, Schatz – no. Motion carried, 8-2.

The Executive Secretary presented his report:

1. In the Board packet is a report on the rulings for hardship applications for the year.
2. A copy of the participation survey is included in the folder. These reports reveal the number of participants as compared to the previous year. Sports participation is down 247 and Fine Arts shows an increase of 325.
3. The Board received a copy of a letter from the Fargo Public Schools with a list of programs that Davies High School will participate in NDHSAA sanctioned events at the varsity level.
4. A phone call has been received from Jeff Fastnacht, Ellendale indicating he is willing to honor the appointment to fill the Board vacancy for the Class B Southeast for the 2010-2011 year.

Respectfully Submitted,
Sheryl Solberg
Asst. to the Exec. Sec.

DISTINGUISHED STUDENTS

The Distinguished Student Award program recognizes outstanding high school juniors for their activity participation and leadership within their schools and communities. These students are acknowledged for being positive role models and peer motivators. Fifty-four high school juniors from across the state were nominated by their respective principals for this award in 2008.

U.S. Bank is a partner in this program and provides the funds for the scholarship awards. The Distinguished Student receives a \$2000 scholarship, the runner-up a \$1000 scholarship and the other four finalists each receive a \$500 scholarship.

The Distinguished Student and the other finalists are student ambassadors for the NDHSAA and are invited to help present awards at various events as well as lead the "Parade of Champions" held in March of each year. They will also help promote High School Activities Week, as well as promote the values of high school activities participation.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
North Dakota High School Activities Association
Valley City, North Dakota

I have audited the accompanying statement of assets, liabilities, and net assets- cash basis of the North Dakota High School Activities Association (a North Dakota nonprofit corporation) as of June 30, 2010 and 2009, and the related statements of activities- cash basis and cash flows- cash basis for the years then ended. These financial statements are the responsibility of the Association's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides reasonable basis for my opinion.

As described in Note 1, the Association prepares its financial statements on the basis of cash receipts and disbursements. This basis is a comprehensive basis of accounting other than generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets- cash basis of the North Dakota High School Activities Association as of June 30, 2010 and 2009, and changes in net assets- cash basis and its cash flows- cash basis for the years then ended on the basis of accounting described in the Note 1.

My audit was made for the purpose of forming an opinion on the financial statements of the Association taken as a whole. The supplementary financial information as presented on pages 9-12 for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**NORTH DAKOTA HIGH SCHOOL ACTIVITIES ASSOCIATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The North Dakota High School Activities Association is a nonprofit corporation established for the purpose of providing service for all local school districts in North Dakota. The major funding sources for the Association are membership dues and sales and charges at athletic events.

A. Basis of Accounting

The Association maintains its records on the cash basis of accounting. Under this method of accounting, revenues and related assets are recorded when received rather than when earned or receivable, and expenses are recorded when the obligation is paid. This differs from generally accepted accounting principles in that revenues are to be recorded when earned rather than when received and expenses recorded when incurred rather than when paid.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Property and Equipment

Property and equipment are stated at cost. Depreciation of buildings and equipment is computed on the straight-line method over the estimated useful lives of the asset which range from Three to twenty years. The Association capitalizes all significant equipment and building additions. The Association does not capitalize costs associated with its web site.

D. Cash and Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include time deposits, certificates of deposits and all highly liquid debt instruments with original maturities of three months or less.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

E. Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Boards in its Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. Under SFAS No. 117, the Association is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted assets and permanently restricted net assets. In addition the Association is required to present a statement of cash flows.

F. Income Tax Status

The Association is a not-for-profit organization that is exempt from income taxes under section 501 (c) (3) of the Internal Revenue Code. The Association is not a private foundation.

G. Investments

Under SFAS No. 124, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets.

H. Designation of Unrestricted Assets

It is the policy of the Board of Directors of the Association to review its plans for future property improvements and acquisitions from time to time and to designate appropriate sums of unrestricted net assets to assure adequate financing of such improvements and acquisitions.

The Association participates in the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool for its general property and casualty and other miscellaneous insurance coverages. The NDIRF operates as common risk management and insurance program for North Dakota cities and schools. The Association pays an annual assessment to the NDIRF for its general insurance coverage. The NDIRF agreement provides that the Trust will be self-sustaining through member assessments and will re-insure through commercial companies for claims in excess of certain limits for each insured event.

The Association also carries commercial insurance for certain other risks of loss including employee health insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.
